With wet hands, apply a small amount and gently massage into skin to cleanse. Remove with wet sponges or cotton 4x4s.

Saturate cotton pad or hands and wipe face to remove excess oils and prep skin. Examine skin and perform skin consultation.

Begin steam (OPTIONAL). Massage face for 1-2 minutes. Do not remove.

Note: Massage only. Do not scrub vigorously.

Apply over Apple Peel 1 and continue gently massaging for 2-3 more minutes. To achieve more exfoliation, peel combination may be left on skin for up to 6 minutes. Turn off steam. Remove with luke-warm steamed towel.

Note: If client has sensitive skin, reduce the manual exfoliation by pre-mixing Peel 1 and 2. Let sit for up to 5 minutes.

Optional: For more exfoliation, use Extra Strength Peel 2 in place of Peel 2.

Saturate cotton pad and apply over the areas that need extractions.

Mix Soothing Balm with Serum of choice:

Power Serum: Restoration/Lines and Wrinkles

Soothing Serum: Redness/Sensitivity
